Visual Designer

Visual Designer working across graphics, websites and interactive projects, with experience taking client work from initial concepts through revisions and final delivery.

Work Experience

Freelance Visual Designer

2024 - Present

Brisbane, Australia

- Delivered custom web interfaces for Handbook's StreetTalk project, from the initial visual concepts and prototypes through to the interactive build.
- Designed and built an esports scorebug within Keep the Score's Vue application. The client described it as one of its most popular designs.
- Worked with sports commentator Greg Clark to produce player entrance videos and highlight packages for sports dinners and charity events.

Event Setup Team Leader

2013 - 2022

Brisbane City Hall

- Led the event setup team, coordinating tasks and adapting to last-minute changes during event preparation.

Independent Projects

DoodleDev
Developed a visual design tool for prototyping client work and exporting web interfaces.

MitchIvin XP
Built a Windows XP-style portfolio with working applications and controls adapted for desktop and mobile.

Education

Diploma of Graphic Design

2023

Queensland TAFE
